ELID Mobile Access

Secure Entry. Seamless Experience. All Through Your Mobile Devices.

we make your world secure

Say goodbye to keys, keycards, and access codes. Our Mobile-Based Access Control System transforms your smartphone into a secure digital key, giving users frictionless access to doors, gates, elevators, and more — anytime, anywhere. Whether you're managing a single site or multiple facilities, our solution offers unmatched flexibility, security, and control.

Benefits

Ultimate Security

Encrypted mobile credentials prevent duplication and eliminate the risk of lost or stolen cards.

Total Convenience

No hardware to carry. No codes to remember. Just tap, swipe, or auto-unlock via Bluetooth/NFC.

Cloud-Based Control

Manage permissions, users, and locations remotely — from any device, in real time.

Touchless & Hygienic

Perfect for health-conscious environments and high-traffic areas.

Real-Time Monitoring

Get live access logs, analytics, and instant alerts for improved operational oversight.

Idea For

Corporate Offices

Empower employees with secure and flexible access.

Smart Buildings

Manage access for tenants, guests, and service providers.

Universities & Campuses

One app for door entry, dorms, and facilities.

Healthcare Facilities

Secure sensitive areas while ensuring hygiene.

Gated Communities

Provide mobile credentials to residents and visitors.
