

SECURITY INSIDER Digest / Q1 2017

A quarterly e-newsletter by ELID

Welcome to Security Insider Digest, our quarterly newsletter highlighting the latest integrated security trends, technologies and their applications, with a focus on ELID's access control, surveillance, enterprise systems and more. Each issue will feature new ELID product reviews, real-life case studies and a summary of upcoming events. The content is concise and brief, focusing on key takeaway points meant to educate in the most optimal and efficient manner.

2016 in Review: Events

2016 was both exciting and busy for ELID as we focused on a number of high profile overseas exhibitions around the world, on top of the usual local events that ELID participates in on a regular, annual basis. Beginning with SECUREX South Africa in May, held at the Gallagher Convention Center in beautiful Johannesburg, followed by INTERSEC, Argentina and SECUTECH Vietnam, both happening almost back to back in August, IFSEC KL, Malaysia in September and finally concluding with CPSE Beijing, China, the world's largest security show, in October.

Securex South Africa

Securex South Africa is the only event where you are able to interact with a large number of leading security and fire brand manufacturers and suppliers in one venue.

Date: 24 May 2016 to 26 May 2016
Venue: Gallagher Convention Centre, Johannesburg

Malaysian International Food & Beverage Trade Fair

MIFB has continuously provided an ideal sourcing ground for the F&B industry players and rooted its name in the industry as the Leading Food and Beverage Trade Fair.

Date: 27 July 2016 to 29 July 2016
Venue: KLCC

IFSEC KLCC

IFSEC Southeast Asia continues to be the platform for all security, fire and safety professionals to access the latest solutions in CCTV, Surveillance, Biometric Access, Perimeter Security, Access Control and many other sectors available in the market.

Date: 7 September 2016 to 9 September 2016
Venue: KLCC

INTERSEC Argentina

International Fair for security, fire protection, electronic security, industrial security and personal protection

Date: 7 September 2016 to 9 September 2016
Venue: Buenos Aires, Argentina

SECUTECH Vietnam

Secutech Vietnam continues to be the No. 1 choice for manufacturers & distributors of security and safety products from local and around the world to connect and explore new business opportunities in Vietnam

Date: 21 Sept 2016 to 24 Sept 2016
Venue: Hanoi, Vietnam

ELID Innovation Showcase 2016

Innovation Showcase for security, video surveillance, electronic security, door access and personal protection

Date: 20 Oct 2016
Venue: Elid Sdn Bhd

CASE STUDY

Leading Insurance Services Provider Chooses ELID For its Access Control Needs

This case study highlights one of Malaysia's leading insurance services providers that has been operating in Malaysia for over half a century. Comprising over 1500 staff, spread across more than 40 branches including partner network locations nationwide and headquartered in the heart of Kuala Lumpur.

ELID's Access Control System – The Best Solution
The client required an access control system that is powerful, robust and reliable. Beginning with its main building and headquarters in Kuala Lumpur, and eventually a large number of branch offices located all over Malaysia, ELID deployed access control hardware and software comprising door access, lift access and visitor management. ELID's in-house technical support teams, located in KL, Penang and JB provided additional confidence that prompt and professional maintenance and support would always be available nationwide, ensuring continuous and optimal systems operation.

Many of these locations utilize [WINPRO](#), ELID's powerful client-server Security Management Software which supports up to 1,024 doors, providing total security supervision and control for any type of building. WINPRO also features an integrated full featured [visitor management solution](#).

For more information about ELID's complete range of access control hardware and software, please visit [ELID's product page](#).

EK748

EK748's enclosure features sculpted surfaces and a sandblasted matte finish contrasted with piano black highlights. The integrated mood-lighting adds a touch of elegance to complement any environment.

EK748's built-in card reader module is designed to meet the most demanding access control requirements. It comes with a high precision 12-key touch sense keypad and a 128 x 32 graphical LCD display. The enclosure's robust construction makes it ideal for high traffic indoor use.

MAPLE

Maple is a cloud-based access control and time attendance system that allows customer to access and manage attendance from anywhere 24 hours a day, 7 days a week. Maple allows you to manage and monitor multiple-site by using a single mobile application and web-interface.

Customers will receive instant event/alarm notification that maximizes the system security. On top of that, customer is allowed to apply and approve the leave of application via mobile apps or web-interface. Time attendance and transaction reports can be generated easily from the system.

Maple is designed based on easy hardware set-up and zero software installation. Dealers or resellers do not require worrying data back-up and software update issue.

About ELID

ELID has been at the forefront of Access Control and Integrated Security innovation since 1989. With in-house R&D and ISO2000 certified production facilities in Malaysia and China, ELID continues to introduce solutions that help businesses of all sizes and industries overcome their security challenges, while supporting our international clients via a network of distributors located across the globe.
